

## **Purpose**

The Skate Oakville Super Series is designed to provide an incentive to competitive skaters at the earlier stages of their competitive careers.

At the discretion of The Skate Oakville Board of Directors, on a year-to-year basis, prizes will be awarded to the skater accumulating the most points in each specified category.

## **Standings**

Results from each competition will be posted on the standings board for all participants. Standings will be updated after each event.

All skaters competing will be registered for the program; however, skaters must participate in at least 3 (three) of the competitions listed for their specific category.

The top 3 (three) scores from all the competitions entered for each competitor will determine the winner.

## **Criteria**

In order to participate and receive that prize awards, skaters must be registered in Skate Oakville programs and represent Skate Oakville at all competitions.

### **Number of Competitions:**

In order to qualify, skaters must have competed in at least 3 (three) of the competitions listed as eligible for their competitive level.

### **Number of Competitors**

There must be at least 2 (two) competitors in their competitive category for the Super Series event to be deemed eligible.

### **Types of Events:**

The following Competitive Singles Free Skating events will be eligible;

- Pre Juvenile – U11, U13 Girls/Boys
- Juvenile – U12, U14 Women/Men
- Pre Novice – Women, Men
- Novice – Women, Men

### **Determining scores:**

In categories that have a short and free program (Pre Novice & Novice)– it is the combined score of the two programs per each event that will be counted. If a skater enters only one program at an event (short or long) that event will not be eligible

The total score (TES + PCS) will be the score entered per event per skater.

## **Notification of Results**

Results will be posted throughout the season and prizes awarded to the winners at the Year End Banquet.

## **Awards**

Winners in each category will receive the honour of the title of Skate Oakville Super Series Champion as well as their name on our NEW Super Series Championship plaques, along with some other great prizes.
